ALLINA HEALTH

I-35W Construction Project

The Minnesota Department of Transportation (MnDOT) on June 1 began Phase 2 of the four-year-long I-35W construction project. Major disruptions will occur through September 2018. If you are traveling through the area, expect significant delays and plan to use alternate routes.

July 13-20 Update

Lake Street weekend closure July 13-16

Lake Street will be closed between Stevens Ave. and 2nd Ave. starting at 10 p.m., Friday, July 13 through 5 a.m.. Monday, July 16 for the demolition of southbound I-35W lanes of highway bridge above Lake Street. Link to this [detour map](#).

- Crews will be working 24 hours a day over the weekend. Residents and businesses should expect construction noise, lights and vibration throughout the night.
- When Lake Street reopens, there will be temporary lane reductions between Stevens Ave. and 2nd Ave. S. until Friday, July 20.

Midtown Greenway closure July 17-20

The Midtown Greenway trail will close between Nicollet Ave. and 5th Ave. S. starting at 6 a.m., Tuesday, July 17 through 5 a.m., Friday, July 20.

- Construction activities will occur 24 hours a day as crews work to quickly and safely remove the southbound I-35W lanes above the Midtown Greenway while it is closed.
- Residents and businesses should expect construction noise, lights and vibration throughout the night.
- Link to more information and a map of [bike and pedestrian detour routes](#).

For a detailed list of closures, visit MnDOT website (mndot.gov/35W94).
